NATIONAL SHUTDOWN- 20 MARCH 2023

Dear Valued Partner,

Many platforms have mentioned a National shutdown scheduled to take place from the early morning of the 20th of March and said to end at 07h00 on the 21st March. We at FTL RSA will try to assist and attend to our clients' requirements as best we possibly can over this period. We have contingency plans in place, considering the safety and wellbeing of our staff at the forefront of our minds and will be available to accommodate and assist clients to the best of our ability.

The shutdown appears to be a well-organized event and many participants are expected, we cannot foresee what level of threat any one of us and our staff may face but as best as possible, we will 'play' it by ear and hope that it will be business as usual.

We thank you for your understanding and you may reach out to your respective FTLRSA contact should you require assistance/ further information.

Yours Truly,

Siva Aroonassala Patten
